Maintenance Medications (Chronic Needs)

Maintenance drugs are medications prescribed for chronic, long-term conditions and are taken on a regular, recurring basis. Chronic conditions like: high blood pressure, high cholesterol and diabetes, to name a few. These drugs are well-established medications that have proven safety and efficacy and are considered first-line therapy options for the treatment of these conditions.

Over-The-Counter Medications (Everyday)

MyFREEPharmacy offers the most common Over-The-Counter medications, such as Ibuprofen, Acetaminophen, Fexofenadine, Diphenhydramine and others at a fraction of the price. We know the little things add up each month so we aim to save you money on the medications you use everyday.

Acute Medications (Immediate Need)

If you have an immediate need for these types of medications, members will be able to pick up these medications at their local retail pharmacy. This part of the program makes available the top 124 most prescribed acute medications for **FREE**, for up to a 21-day supply at over 64,000 pharmacies nationwide.

SaveOnDiabetes *Glucose Meters, Test Strips Lancets & More!*
